COMMENTS FROM THE TOWN MANAGER'S OFFICE

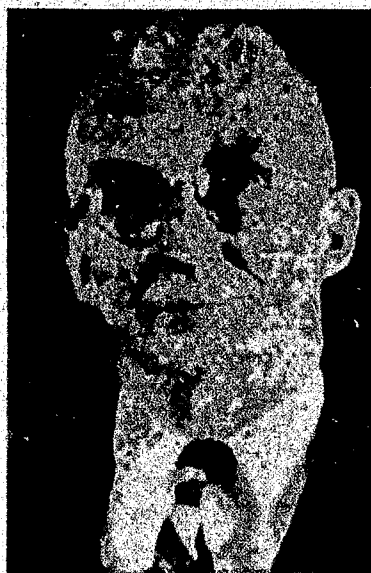

The Fire Station Study Committee now has another design for a fire station under consideration. The latest design is 60' x 60' with about 28'x60' of available floor space on the second floor. The usable floor space of the two structures is about the same. The cost figures of both buildings will be considered and the committee will then recommend the type building and the location favored by a majority of the members. The committee is a study group and can only recommend design and location. The group has had several meetings and considered many proposals but has not reached any definite proposal. Members of the committee have received several comments on the building but everyone with a comment or criticism has a different solution. The committee has no choice but to consider all the factors involved and to recommend the solution that is best for the town in general.

There are a couple of late requests for articles to be included in the warrant for town meeting. One article is the transportation of high school students to Gould Academy and Woodstock High School. The latest request is for an article to be included which would authorize the water being used in the village. There are enough subjects to create a lot of discussion prior to town meeting and a lot at town meeting.

ANNOUNCE PRICES AND CONDITIONS FOR GOULD BUILDING RENTAL

The Trustees of Gould Academy have approved the following prices and conditions relative to the use of Gould buildings. Whenever local organizations are interested, they may contact the Bursar in the Academy office.

Rental of Gould Facilities

General conditions applicable to rental of facilities to local organizations.

1. Gould buildings are primarily for Gould students and uses by outside groups are subordinated to their requirements. During NTL sessions the laboratory similarly has priority since our total plant is included in their contract.

2. The established rates for the use of Gould buildings covers utilities, janitor service and in the case of Bingham Hall technically trained personnel to operate the equipment on stage and in the projection booth.

3. The moving of equipment, installation of special properties, etc., must be under the direct supervision of Gould personnel.

4. Athletic contests sponsored by outside parties require one or more police officers to handle the crowd and the parking of cars.

5. Parking in every instance is to be only in regular parking areas or on the street.

6. Established rental rates are flexible because of the infinite variety of requests we have had in the past and are expected to have in the future now that Bingham Hall is complete.

7. Use of Gould buildings by religious groups or for religious purposes cannot be considered.

8. Each organization that is charged for the use of our facilities will be given a certificate of insurance and required to sign an agreement form outlining the above conditions and agreeing to a fee to cover any costs connected with such usage as enumerated in paragraph 2 above.

9. In case youngsters are involved, there must be adequate adult supervision at all times.

Field House, \$10 to \$50, extra, police and insurance.

Bingham Gym, \$10 to \$35, extra, insurance.

Bingham Hall, \$25 to \$75, extra, technical help and insurance.

No charge when set up and available. Athletic Field, Tennis Courts, Meeting Rooms. Other facilities by arrangement.

Mr. and Mrs. Cecil Conrad and Carol Flint attended a concert by the Portland Symphony Orchestra in Portland Tuesday evening. James Bennett of Locke Mills, a student at Gorham State Teachers College is a member of the orchestra.

March of Dimes Mothers To Deliver Health Leaflet

Mothers who will be marching for the March of Dimes throughout the nation this January will distribute millions of copies of a leaflet entitled "One Minute Warning," which gives the latest facts about birth defects and arthritis.

According to local March of Dimes volunteer leaders, these two diseases are of concern to millions of people in this country. About 250,000 of our children are born each year with a serious birth defect. Arthritis and the rheumatic diseases afflict upward of 11,000,000 Americans.

The National March of Dimes is fighting these diseases with the same three-pronged attack which helped conquer polio as a public health problem. Using the experience gained in spearheading the development of the Salk and Sabin polio vaccines, March of Dimes funds currently finance:

- a nationwide scientific research program aimed at finding causes and cures for birth defects and arthritis;
- a nationwide network of treatment centers which help bring top-quality medical care to victims of these ailments;
- a nationwide professional education program which channels latest scientific findings to scientists, physicians and their associates; and
- a nationwide public education program.

Latest addition to this public education program, according to Dr. William G. Clark, director of the medical department of The National Foundation, is the "One Minute Warning" leaflet.

"Our purpose is to reassure the public that much is being done in the fight against these two great ailments," Dr. Clark says. "The American people are sharing the fight with their contribution to the March of Dimes, and they have a right to receive periodic reports of what is being accomplished."

In remaining non-technical

Jane Wyatt, star of screen and TV, who is the 1964 Honorary National Mothers' March Chairman for the March of Dimes.

language, the pamphlet, which takes only a minute to read, suggests these precautions for a pregnant woman:

- See your doctor early. Be sure to tell any other doctor you may consult, for treatment of other conditions, that you are pregnant.
- Take no drugs on your own initiative. Tell your doctor about any you have been taking. Especially, stay away from "tranquilizers," "mood adjusters" and "happy pills."
- Learn your Rh factor, blood type, and your husband's. Inform your obstetrician.
- Follow the diet your doctor prescribes.
- Avoid excessive smoking and drinking.
- If pregnant, don't knowingly expose yourself to infectious diseases—particularly German measles.

For the person who suffers from arthritis, the leaflet stresses: "Follow ONLY the advice of your doctor." Several other points of advice are given, among them, "Remember, there are no quick cures. Good results from treatment require time and patience."

If your home has been mislaid in the distribution of this pamphlet, you can obtain one free of charge from the local March of Dimes headquarters.

LOCKE MILLS

Mrs. Rodney Cross, Jr., Correspondent

Miss Simone Oglet, modern language teacher from the State Department of Education and voice of the French records used in the Locke Mills schools visited with the teachers and children one day last week.

Mrs. Dwight Martin, Greenwood Center, is a patient for observation at the Humford Community Hospital. She is expected to return home this week end.

OXFORD MAN SEEKS HOUSE SEAT FROM NORWAY DISTRICT

Loften E. Haskell, announced today that he will seek the Republican nomination for the House of Representatives, to represent the legislative district of Norway, Oxford, and Watford.

Loften E. Haskell

Mr. Haskell moved to Oxford in 1938 from New York State, where he served as an accountant and engineer, with the Consolidated Edison Company of New York, for 35 years. He is an infantry veteran of World War I. He has been active in civic and business life of the community, having served as Town Manager of Oxford, for two terms, and as Chairman of the Town of Oxford Republican Finance Drive from 1960 through 1962.

He attended Boston University and New York University, where he studied accounting and engineering.

He is married to the former Marion Warner of Medford, Mass. They have a daughter, Barbara, living in Florida, and a son, Robert, residing in Connecticut.

Mr. Haskell is a member of the area. Advertising the Area to promote the summer and winter vacation business and workmen through the Chamber of Commerce to restore public passenger transportation either by rail, bus or air, are only a few of the many projects that would benefit the entire Area. Bethel would daily bus or rail service, into Portland. In the large cities are thousands of people who need public transportation to get into the country for vacations.

We are glad The Greater Bethel Chamber of Commerce has been organized. Bethel has great possibilities and the reorganized Chamber of Commerce with its broader vision means that Bethel citizens are alive and awake to the needs of the town and Northwestern Oxford County.

COUNTRY FLAVOR

JANUARY THAW

Days are brightening and gray light still lingers in the southwestern sky when a man takes his walk and listens and catches the yard so do evening chores. As the days pass quietly by with cold winds and more snow, one wonders if the month will slide out without its thaw.

No one knows precisely why the January thaw has become a part of winter tradition. There are years when December has warm spells, there are years when the first month is a period of steady cold and the thaw does not come until in February.

But it is in January that a man wants and anticipates. He watches the sky, he looks at the wind, he looks at the thermometer. The January thaw is a pleasant surprise, and we are grateful for a surprise in the heart of winter.

The sky is covered with a wispy haze and the moon's filtered light is pensive gray on fields and hills.

When the countryman goes out to the barn in the evening to make sure all is well for the night, he is certain. The weather is turning; the wind is gentle and has lost its sharp edge.

In the morning, the welcome January thaw has begun. Water is dripping from leaves on the buildings and the snow crunches softly underfoot. The snow crunches underfoot the sled tracks from the woods above the orchard.

One doesn't know how long the thaw will last. It may be for a day or two or it may stretch over the best part of a week. It does not matter. We know that water is waiting again, we know that the chance will tighten and that this is a pleasant surprise and we are grateful for a surprise in the heart of winter.

IN AND ABOUT BETHEL

Mr. and Mrs. William Von Zintz recently visited her father, E. P. Brown, in New Hampshire.

Miss Kathleen Caddigan, Rinehart Handwriting Supervisor in the Bethel schools, was a supper guest at the home of Mr. and Mrs. Harold Young, last Thursday night.

Miss Elizabeth Waldron, Nazarene College, Springvale; Miss Carol Young, Dean Jr. College, Franklin, Mass.; Miss Margaret Nelson, are spending some time at their homes in town.

Guests of Miss Mary Willard during the semester break are Jancy Hibbels, Alexandria, Va.; George Spence, Portland, and Steve Hurd of West Hartford, Conn.

Mr. and Mrs. John W. Tebbets, Mr. and Mrs. Dexter M. Stowell, and Mr. and Mrs. Wallace Saunders attended the annual meeting of the Woodturners' and Shapers' Association in Boston last week end.

The refreshment committee for the Hootenanny to be held Feb. 15 at the Gould Academy Field House, met at Mr. and Mrs. Charles Merrill's Monday evening. The following are assisting Mr. and Mrs. Merrill: Mr. and Mrs. Ronald Kendall and Mr. and Mrs. Neil Merrill, pop corn; Mr. and Mrs. Albert Buck, Mr. and Mrs. Melvin Olson, Mr. and Mrs. Stan Fox, and Mr. and Mrs. Roland Annis, potato chips and cold drinks.

neat, and three grandchildren.

Mr. Haskell, whose family comes from Tenant's Harbor, on the Maine coast, and who sailed as a young man on the great six-masted Maine built schooner, is the author of a number of articles on these old time sailing vessels.

Mr. Haskell, and his wife, are co-librarians of the Freeport Holmes Public Library of Oxford. Mrs. Haskell is a director of the Stephens Memorial Hospital of Norway, and is a member of the Norway Woman's Club. They are also members of the Oxford Congregational Church.

In announcing his candidacy, Mr. Haskell stated, if elected to the Maine House of Representatives, his primary objective will

GRAY RE-ELECTED CHAIRMAN OF COUNTY SOIL CONSERVATION DISTRICT

Norman H. Gray, Fryeburg, was re-elected chairman of the Oxford County Soil Conservation District at the January 23 supervisors meeting. The meeting was held at the district office, Masonic Building in South Paris. Other officers for 1964 are: Kenneth Cooper, Buckfield, vice chairman; Lerone Damon, South Paris, treasurer and Charles A. Fillebrown, Watford, secretary; Claire L. Thurston of North Norway is the fifth member of the Board of Supervisors.

Elliot Hunt, Norway was a guest of the supervisors at this meeting. Others attending were Frank Hagan, Extension service, Wayne Jackson and David Warren of the Maine Forest Service and Lyman W. Jacobsen, Soil Conservation Service.

Following the election of officers, the supervisors developed their Work Plan, or the list of things they wish to accomplish during the coming year. In addition to the main purpose of assisting landowners in the county to establish soil and water and woodland and wildlife conservation practices, the Work Plan includes in part: Participation in the Soil Stewardship Week Program in May; Continue to cooperate with other sponsors in the watershed projects in the county; Provide one half of the expenses in the form of a scholarship for two teachers from Oxford County to attend the Bryant Pond Conservation School; Sponsor a Land Judging Contest among 4-H clubs and provide cash prizes; assist landowners wishing to develop recreational projects to supplement farm or forest income; Cooperate with the Oxford Rural Development Committee in making a resource inventory of the county.

The next regular meeting of the district supervisors will be held February 20 at the district office in South Paris.

be to work for the welfare of the people as a whole, and to promote the prosperity of our State's industry, its agriculture, and our abundant natural resources. He further stated, if elected, he will work to establish a helpful program for our senior and handicapped citizens.

COULD ONE-ACT PLAYS TO CHRISTEN NEW BINGHAM AUDITORIUM STAGE

The yearly presentation of three one-act plays, inaugurated at Gould by Mr. Thompson in 1942, is "all set" for its 1964 production on Saturday evening at eight. A novelty this year is the substitution of these one-act plays for the usual Senior Play; all of the thespians are seniors, as is the production staff of "prop" men, ushers, poster artists, etc.

A balanced program of two comedies and a serious play round out the evening's entertainment. Fluffy and light, the humorous plays have plenty of opportunity for character work, good lines, and fast pace. The serious play, The Valiant, is a "tried-and-true" drama, offering a striking range of emotional power; rehearsals of this difficult play forecast a fine and polished performance by the small cast.

These plays will be the first wholly dramatic productions inaugurating the facilities of the Bingham Auditorium stage. Played against drapes, they offer a good opportunity to make use of the fine lighting facilities and test the acoustics of this model theatre.

Star-spangled savings plan

Most of us think about the future in terms of paying off the mortgage, educating the children, providing a retirement income.

But with the world the way it is today, it's almost impossible to make plans for your own future without considering the future of your country, too.

When you buy U. S. Savings Bonds, your money takes on both jobs. It grows to build your financial strength.

At the same time, it helps Uncle Sam watch over our peace and security.

Why not give your savings dollars this double assignment? You'll be joining millions of American families who are investing in their country's future—and you'll probably feel pretty good about it.

It's easy to buy Savings Bonds on the Payroll Plan, where you work. A \$10 Bond costs \$17.50, a \$25 Bond \$43.75, and you can buy them in installments for only a few dollars a pay day. Or buy them outright at any bank. No charge for the service.

Buy Series E Bonds for growth, Series H for current income.

Some nice things about Series E Bonds

- You get 3 1/2% more money when they mature
- You can defer the tax on accumulated interest until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed, or stolen

PREVENT THOSE WINTER DRIVING WOES

The Safe Winter Driving League presents the following safety reminder from the National Safety Council: "Winter weather requires the utmost attention to driving. This is an especially poor time of the year to be driving with impaired abilities brought about by drinking. If you do drink, do so sparingly, drive more cautiously. Better yet, wait until the effects wear off before getting behind the wheel."

SCHOOL NEWS

Androssoggin Valley Elementary Principals Association met at Crescent Park School Monday evening.

Guest speaker was Donald McAllister. He spoke on education in Finland. McAllister was a Fulbright Scholar in Finland for two years.

Following the program a group discussion was held.

Principals from Rumford, Locke Mills, Mechanic Falls, Mexico, Poland and Bethel were present.

Mrs. Hastings and Miss Ballard attended a special French Class for elementary school teachers last Friday at Fryburg. The program was conducted by the State Dept. of Education.

Last week students from one reading group of Mrs. Penner's second grade at Ethel Bisbee School published their own handwritten newspaper, "The River Report." Articles were submitted by each student and included such features as a comic strip, lost and found department, news from other classes and a jingle box (scrambled spelling words). The students cut the stencils and copies were made on the duplicating machine. Those reporting were Katherine Haskell, Nancy Verrill, Mary Anne Chapin, Betsy Stowell, Mitzie Wheeler, Dwight Bailey, Ellen Clark, Lorraine Lambert and Cathy Littlefield.

Mrs. Musa Brown, hot lunch employee at CPS, is on leave of absence for several weeks. Mrs. Barbara Young is taking her place during this period.
